

Semi Recessed Waste Receptacle

Code 330: Stainless steel type 304, recessed 4"

Code 337: Stainless steel type 304, recessed 4" (comes with large waste receptacle)

Overall dimensions in inches (centimeters in brackets).

Specifications

Site location:

- Semi recessed waste receptacle can be mounted into any wall configuration requiring a minimum of 4" depth.

Features:

- All stainless welded construction with removable waste bin.
- Semi recessed design provides large capacity receptacle with minimum space.
- Code 337 provides extra large waste capacity.
- Waste receptacle is completely removable for convenient maintenance.

Materials:

- Comes with standard bag holder apparatus.
- Recessed wall body and waste container are 22 gauge stainless steel type 304 No. 4 brushed finish.

Capacity:

- 11 gal. (50 litres), shipping weight: 20 lbs. (13 kg.)
- 15 gal. (68 litres), shipping weight: 29 lbs. (13 kg.)

Installation:

- Provide wall opening 28-3/4" (73.3) H x 16" (40.6) W x 4" (10.2) D. Mount recessed frame first, then insert waste bin using bracket provided. For barrier free mounting insure that top of waste receptacle does not exceed 48" (120 cm) above floor level.
