Jumbo Wall Mounted Waste Receptacles

Code 304 NLS: Jumbo capacity, Stainless steel, type 304 no. 4 finish

Specifications:

Site location: The 304 wall mounted waste receptacle is designed to conserve floor space in medium to heavy traffic areas. Stainless steel construction offers added durability.

Features: Stainless steel construction offers maximum fire protection with no openings on sides or bottom of unit. Tight sealing head and spring loaded door promote oxygen starvation.

Materials: Double spring loaded door with full length piano hinge. Comes with standard bag holder apparatus. 20 ga. stainless steel type 304 body, 20 ga. Stainless steel head.

Capacity: 77 litres (17 gal.). Shipping weight: 12.2 kg (27 lbs.).

Installation: For barrier free mounting insure that centre of inlet door does not exceed 48" (120 cm) above floor level.

Description and specifications applicable on date issued. Frost reserves the right to make improvements or changes without notice.
