Code 427C: Stainless Steel Type 304, Surface Mounted, Extra Large Waste Capacity

Specifications

Site Location: Semi recessed combination paper towel dispenser / waste receptacle can be mounted into any wall configuration requiring a minimum of 4" depth.

Features: Cabinet door hinged with full length stainless piano hinge and is secured with keyed tumbler lock. All stainless welded construction with locking removable waste bin. Semi recessed design provides large capacity receptacle with minimum space. Code 427 provides extra large waste capacity. Waste receptacle is completely removable for convenient maintenance. Comes with standard bag holder apparatus.

Dispensing: Designed to dispense 500 multifold towels.

Materials: Recessed wall body and waste container are 22 gauge stainless steel type 430 brushed finish.

Capacity: **Code 422A:** 11 gal. (50 litres) **Code 422C:** 11 gal. (50 litres). **Code 427A:** 15 gal. (68 litres) **Code 427C:** 15 gal. (68 litres).

Installation: Provide wall opening 54-1/2" (138.9) H x 16" (40.6) W x 4" (10.2) D. Mount recessed frame first (drill holes as required), then insert waste bin using bracket provided. For barrier free mounting insure that bottom of door does not exceed 48" (120 c m) above floor level.
